

What Others Say

California: "Taking the Land is a whole new approach to deliverance ministry. Many of the previous methods have commanded demons to go, only to have them return again because root issues that have opened the doors to the demonic have been left unchanged.

in the Taking the Land series by John and Glenna Miller, the root issues of the soul that have given place to the devil are skillfully revealed by the revelation of the Word. This is followed by powerful and well proven suggested prayers that effectively lead each one in pulling out the roots and breaking demonic strongholds over their lives.

Soul ties and generational issues of the past that have opened doors of attack are skillfully and effectively dealt with. Avoiding many of the fearful, abusive, embarrassing, and offensive methods of the past, each participant will be brought into a whole new realm of freedom in every area of their soul.

Joyce and I have known John and Glenna Miller for many years. They are our close and dear friends. We have watched the fruit of their ministry in bringing freedom to many who have been tormented, oppressed, and living defeated lives because of unresolved issues of the past. We have facilitated the video production of this powerful series because we believe in this ministry.

We highly recommend Taking the Land! We believe the teachings and prayers will bring new areas of freedom to your life! This is a great teaching for your personal use, for Bible schools, or for study groups!"

Gill Ministries

Big Bear, CA "You're a mighty team...and you're a blessing to the Chemehuevi Indian Tribe. Thank you Jesus and thank you Holy Spirit for working mightily through John and Glenna."

Nevada: John and Glenna Miller have ministered to many people I know, both here and abroad, helping free them from bondages in their lives. I have seen people's personalities seem to change as they no longer are held back by lies they have received from the enemy based on events in their lives.

My wife and I have been through the seminar several times (often translating to Spanish for them overseas), and have received personal ministry from them. We have found new levels of freedom in our lives.

When I was pastoring at Harvest Rock Church in Las Vegas, I made it a requirement that everyone in leadership or service, go through John and Glenna Miller's "Taking the Land" seminar. I also encouraged the follow-up personal ministry sessions. It was quite effective, as each person no longer needed to minister or respond out of needs in their lives, but out of a healthy mind-set.

I also encouraged all of the congregation to go through the seminar. As more and more were getting set free, I noticed a transformation in the congregation as a whole. Criticism, gossip, and negativity were no longer a problem as people were freed from inner issues, and found freedom in who they are in Christ.

I highly recommend their ministry, as I have witnessed the good fruit in many lives. I also can vouch for their outstanding character and example in marriage as they have lived in our home for an extended period of time.

Their ministry will transform your life and your church!

Las Vegas, NV

"With each time I attend a Taking the Land Seminar the fog seems to clear more and more from my soul. I am so grateful to God for using you. I am still pressing on toward my goal of being free from strongholds in my life as I can be. God is always faithful when I choose to cooperate in looking at the areas of darkness in my life."

Paris, France: "Un Grand Merci...for your availability, your love, your concern and your understanding. I praise the Lord to have revealed so much in the process of the restoration of the soul. Today, after a good nap, I feel much better, full of energy and like a new person. Thank you again"

Arizona: "When I came to Jesus, I came bearing major bondage from my occult/new age background. I truly loved the Lord, but I doubt I would have had the freedom to worship and to serve Him to the fullest possible extent if it had not been for Taking the Land Ministry. I thank God for the deliverance and freedom He has given me through the Millers."

"You both shine out humility and obedience, and I will always be grateful to you for the freedom you have brought me."

Illinois: "Thank you so much for coming and ministering God's truth in your workshop! And thank you for all the demonic constructs that were destroyed...all the lies that were revealed...all the souls that are more restored. God has blessed us through you. Thank you for selflessly laying down your lives to see others set free for His glory! In today's generation's words...You rock, because you are standing on The Rock!"

From a Correctional Institution: "Your writing is truly a blessing. I've never come across anything like it. The only way I can describe it is WOW! It is truly much read and helpful, especially in a place like this. I would like to share it with whomever I can."

Missouri: "Your honest-to-goodness teaching, your friendship, your non-judgment and your love is so restoring and empowering. The book is so rich I read a couple of paragraphs at a time and digest and absorb it. Thank you for reinforcing my true belief in Jesus Christ, His power and might. Your work is like being intravenously fed the word of God. Drip, drip, drip...each drop is full of every nutrient the spirit needs for building and edifying. I am thankful I am being perfected in Him!"
